2605/5 Ward Councillor's Report:

SMW welcomed the new Ward Councillors. Their report included information that following the recent elections the LibDem and Labour parties have agreed to form a coalition. Also, they have been asked by residents if the 40mph speed limit on North Crawley Road could be extended to Tickford Lodge Farm. The parish council agreed that this would be something that they would support. SMW asked if the Ward Councillors could help with looking into the road surfacing that had been indicated would be happening in the village.

Clerk raised question in relation to previous ward councillors' casework files and how or if these would be handed over. Ward Councillors suggested Clerk advise them of the current issues and they will pick up the issues.

2605/6 Parish Council Business:

2605/6.1 MK East:

It has been noted that large vehicles, such as buses are unable to turn into the T-

Junction at the end of Newport Road without crossing over into the other carriageway. The parish council had always considered that this junction should have been a roundabout. This is something that could be raised with Milton Keynes Road Safety and Highways and with the developers. Noted to speak to St. Joseph at the next stakeholder meeting in June. Member of the parish council had been to the Bloor homes Ouzelmere site for a visit and to meet the Sales team. Clerk will speak to Bloor regarding the supply of a noticeboard for the area, for parish notices. Local information is being included in Bloor welcome packs, Clerk to speak to Sales team Elverby (Eastbrook Village) to ask them to do the same.

2605/6.2 Traffic and Roads:

There is a Highways drop-in session on Thursday that the Clerk will be attending to discuss the road condition, potholes and also the issue of blocked drains on Cranfield Road.

2605/6.3 New Towns Consultation Milton Keynes North Expansion:

This consultation closes 19th May, council have drafted an objection and will submit it.

2605/6.4 Website:

The website does need to be updated to meet current compliance regulations. Quote has been received of £499+VAT to set up a new site, with the ongoing yearly cost £299+VAT, this includes domain hosting. Council agreed to proceed with the new site. Clerk to organise a demo with Aubergine.

2605/6.5 Defibrillator:

A clean of the kiosk will be organising and then the necessary works needed can be done to house the defibrillator. Clerk has changed the electrode pads in the defibrillator at the hall, these have a 2-year lifespan.

2605/6.6 Village event:

This would be in July with a theme that might tie in with the Commonwealth Games and the World Cup. This is in collaboration with the MCA, with the parish council providing the refreshments. It would be an opportunity for the new residents in Ouzelmere to get together with other residents in the parish. A parish community event.

2605/7 Planning Applications received:

PLN/2026/0517 Application for the approval of reserved matters pursuant to outline planning permission ref. PLN/2024/2745 for upgrades to the Newport Road corridor; Link Road 301, Link Road 305; the diversion of the Hermitage Stream; and the provision of associated infrastructure, surface water and foul drainage, landscaping, and other associated works at Milton Keynes.

Parish Council responded with no objection but highlighted concern over wheel washing facilities and requested that more detail needed to be provided in application.

PLN/2026/0619 Erection of single storey infill link extension and conversion of garage to ancillary accommodation with external timber cladding at Hipe House, Cranfield Road, Moulsoe, Newport Pagnell, MK16 0HL

Parish Council had no objections to this application.

Notice of Decisions:

APPEAL PLN/2025/1450 REFUSED Erection of 5 detached dwellings with linked garages, access road and associated landscaping works at Moat Cottage, Willen Road, Newport Pagnell, MK16 0JJ.

This was refused for the following reasons that it would not secure adequate infrastructure, no evidence on the effect of the proposed development on ecology with regard to protected species, whether the proposed development would achieve Biodiversity Net Gain, the effect of the proposed development on highway safety with regard to access, the effect of the proposed development on flood risk with regard to surface water flooding, whether the proposed dwellings would be constructed sustainably, and the effect of the proposed development on the character and appearance of the area.

PLN/2026/0019- REFUSED Outline application for the erection of one 3-bedroom dwelling for self-build at Park View, Cranfield Road, Moulsoe, Newport Pagnell, MK16 0HL.

Planning Officer stated there was not enough ecological evidence and given the context of the site with mature vegetation and hedgerows, as well as the sensitivity of the area and records of protected species (such as bats and Great Crested Newts), the impact on protected species or their habitats cannot be ascertained or fully assessed.
